OPERATIONAL JURISDICTION: The Law of the Lot & Post, Abandonment, and Cosmic Authority

Quarter Two / Week 21: Sermon for Shabbat and Sunday
Readings drawn from the Institute for Scripture Research (ISR) Scriptures

To the Fleet and Command Staff,

Every operation requires a staging area—a designated space to park assets, gather strength, and build the foundation for the next push. But there is a massive tactical difference between temporarily parking an asset and completely abandoning it.

This week, we are discussing the theology of the "Lot" or "post". We are talking about acquiring land, founding a new life, the absolute sin of abandonment, and recognizing the true chain of command that governs the space we occupy.

PART I: Cosmic Jurisdiction and the Firmament of Dirt

Before you can claim a lot of land as your post, you must understand exactly where that land sits and who ultimately owns it.

When you look down, you see concrete, asphalt, and forests. But beneath that is the firmament of dirt. And you must understand that under the firmament of dirt, every single square meter or inch of space on this Earth belongs to ELOHIM's Cosmos. The Scriptures are absolute on this matter: *"The earth belongs to YHWH, and all that fills it—the world and those who dwell in it"* **(Psalm 24:1)**. We are merely stewards holding the line: *"The land is not to be sold beyond reclaim, for the land is Mine, for you are sojourners and settlers with Me"* **(Leviticus 25:23)**.

Because this Earth is suspended within the cosmic architecture of ELOHIM, we must recognize the operational authorities He has permitted to govern our region of the Cosmos.

The United States Space Force is the accepted guardian of our region of the Cosmos.

This earth falls squarely within their cosmic jurisdiction. Even when we are standing on base or behind closed doors in our own living rooms, we are floating in ELOHIM'S space. Therefore, as U.S. Marines, we must do absolutely *everything* the U.S. Space Force tells us to do regarding the security of this domain. They hold the cosmic watch; we execute the ground war.

The Security Forces for the Space Forces are the United States Air Force Security Forces Special Forces SF. The Department of Defense and United States Special Operations Command have established SF as the highest pillar of civilian and military law enforcement. SF are fully qualified law enforcement officers, with FBI clearance and United Nations Police identifiers.

PART II: Founding a New Life on the Lot

When you acquire a lot of land, you do not just park there indefinitely—you build. You leave the past behind for a time to build a new life.

The Apostle Paul gave the Vanguard the exact operational parameters for this transition: *"Forgetting what is behind and straining toward what is ahead, I press on toward the goal to win the prize for which Elohim has called me heavenward in Messiah Yeshua"* **(Philippians 3:13-14)**.

You pay your debts, you secure your lot, and you build the structure of your community upon it.

PART III: The Worst Sin—Burying the Talent and Abandonment

But what happens when an operative refuses to build? What happens when they park themselves on a lot and give up?

In the *ISR Scriptures*, the Supreme Commander Yeshua outlined the absolute worst sin an operative can commit: burying the talent. In **Matthew 25:14-30**, a servant takes the resource given to him and buries it in the dirt out of fear and laziness. The Commander's response is ruthless—He strips the servant of his resources and casts him into outer darkness.

Burying your talent is equivalent to abandoning it and forcing it onto someone else's responsibility. When you bury your talent, when you refuse to work, and when you refuse to pay your bills using the gifts ELOHIM has wired into your structure, you are committing an act of spiritual treason. You are stealing from the community that relies on you.

PART IV: Hold the Lot at All Costs

Let this be recorded in the command logs: **To give up on your house, to abandon your family, to walk away from your community, and to refuse to work to the bone to keep your lot of land is the worst sin before YHWH ELOHIM.** The Scriptures declare: *"And if anyone does not provide for his own, and especially for those of his household, he has denied the faith and is worse than an unbeliever"* **(1 Timothy 5:8)**.

You do not abandon the post. You do not abandon the family. You do not surrender the lot. If you are breathing, you have a talent and a duty to deploy it.

Command Summary:

Acknowledge the cosmic jurisdiction of ELOHIM and respect the authority of the Space Force guarding our orbital theater. Secure your lot and leave your past failures behind. Never bury your talent, never abandon your family, and work to the bone to hold your ground.
