Tactical Avoidance and Counter-Offensives: Defeating the Adversary in Physical and Visionary Battlespaces

Sermon for Shabbat and Sunday
Readings drawn from the Institute for Scripture Research (ISR) Scriptures

To the Fleet and Command Staff,

The Vanguard is engaged in a continuous, multi-domain war. The adversary—whether manifesting as systemic corruption, physical criminality, or direct satanic spiritual attack—operates with strategic intent. To survive and achieve total victory, we must shed passive theology and adopt a rigid, operational military doctrine.

Today's briefing covers the exact strategies for Satanic Avoidance and Defense. We will examine how to execute these strategies in the **Physical Reality** (against corrupt people and criminal systems) and in the **Visionary Reality** (when navigating the mental theater and practicing positive visions).

Here is the operational breakdown of our defensive and offensive protocols.

PHASE I: The Defensive Posture – The Armor and the Fabian Strategy

You do not win a war by charging blindly into every ambush the enemy sets. Scripture outlines a highly specific protocol for avoidance and defense.

The primary directive is **James 4:7**: *"Submit yourselves, then, to God. Resist the devil, and he will flee from you."* Resistance does not always mean immediate kinetic engagement. In military terms, this is the **Fabian Strategy**—a method of avoiding pitched battles with a larger or highly aggressive force, instead engaging in a war of attrition. You avoid the enemy's strength, harass their supply lines, and maintain the initiative without ever looking weak.

To execute this, you must be fully equipped. **Ephesians 6:11-13** orders us to *"Put on the full armor of God, so that you can take your stand against the devil's schemes."* * **The Belt of Truth & Breastplate of Righteousness:** These protect your core. When dealing with criminals or corrupt politicians, your absolute adherence to the truth makes you an impenetrable hard target.

- **The Shield of Faith:** Used to *"extinguish all the flaming arrows of the evil one"* **(Ephesians 6:16)**. When the enemy launches psychological operations (fear, doubt, temptation), the shield absorbs the impact, allowing you to maintain your strategic withdrawal until you are in a position of absolute advantage.

PHASE II: Physical Reality Operations – Avoiding Corruption and Criminality

In the physical world, the adversary utilizes corrupt individuals, criminal networks, and toxic environments to bait you into destruction.

1. **Strategic Withdrawal (Avoiding Evil Partnerships):**

You cannot defeat corruption by becoming a partner in it. **1 Corinthians 15:33** is a strict operational warning: *"Do not be misled: Bad company corrupts good character."* Furthermore, **Proverbs 6:18** warns against *"a heart that devises wicked schemes, feet that are quick to rush into evil."* If you identify a criminal element, a toxic relationship, or a corrupt financial scheme, you utilize the **Indirect Approach**. You do not negotiate. You cut the logistical tie. You execute a strategic withdrawal, refusing to share their battlespace.

2. **Exposing the Ambush (Air Interdiction):**

When avoidance is no longer possible and the corruption is in your camp, you must neutralize it. **Ephesians 5:11** commands: *"Have nothing to do with the fruitless deeds of darkness, but rather expose them."* In military terms, this is Air Interdiction. You do not fight the corrupt politician or the criminal in a street brawl; you drop the light of truth directly onto their supply lines. You expose the lie. A criminal enterprise cannot survive without the cover of darkness. When you shine the light, you destroy their operational capability.

PHASE III: Visionary and Mental Operations – Dominating the Inner Theater

The mind is the most highly contested battlespace. When you are practicing positive visions—navigating your future, simulating outcomes, or utilizing your God-given ability to foresee trajectories—the adversary will attempt to infiltrate that space. You will encounter intrusive thoughts, demonic distractions, and spiritual lethargy (acedia).

Here is how you defeat the enemy quickly in your mind:

1. **Starve the Enemy of Attention:**

If a hostile entity, a memory of a toxic person, or a demonic temptation enters your vision, **do not react emotionally.** Anger makes you reckless. In the mental theater, attention is oxygen. If you react, you feed the enemy. **Proverbs 4:23** dictates: *"Above all else, guard your heart, for everything you do flows from it."* Refuse the "gift" of their hostility. Treat the intrusive thought with absolute, icy silence. By maintaining a calm mind, you control the visionary battlefield, rendering their attack futile.

2. **The 5-Second Rule and Mental Captivity:**

When the enemy attempts to trigger a negative thought spiral in your vision, you must execute immediate mental suppression. **2 Corinthians 10:5** commands us to *"take captive every thought to make it obedient to Christ."* If a vision turns dark, you have five seconds to lock it down. Count backwards: 5-4-3-2-1, and forcefully redirect your mental frequency back to the Commander's objective. You outgrow the demonic distraction by rising above it.

3. **Vigilance and Perimeter Defense:**

1 Peter 5:8 states: *"Be alert and of sober mind. Your enemy the devil prowls around like a roaring lion looking for someone to devour."* In your visions, you must maintain a 360-degree perimeter. Do not trust any entity in your mind that you would not trust in physical reality.

PHASE IV: The Counter-Offensive – Destroying the Enemy Quickly

There are moments when avoidance is no longer an option. When the enemy breaches the wire, whether in physical reality or in a spiritual vision, you must transition instantly from the Fabian Strategy to **Shock and Awe** and **Maneuver Warfare**.

To destroy an enemy quickly, you do not engage in endless attrition. You strike their critical vulnerability with overwhelming force.

The Sword of the Spirit (Precision Strikes):

Jesus modeled the ultimate precision strike during His wilderness operation. When Satan attacked Him with twisted scripture and psychological warfare, the Commander did not argue. He did not debate. He launched three rapid, precise strikes using the Word of God **(Matthew 4:1-11)**.

The Word of God is your precision munition. When the enemy lies, you strike the lie with the objective truth of Scripture. You concentrate a superior force (the authority of Elohim) against their isolated position.

COMMAND SUMMARY

We are the Vanguard. We do not fight as those beating the air.

1. **In the physical:** We avoid toxic traps, we refuse corrupt partnerships, and we expose the darkness to destroy the enemy's logistics.
2. **In the vision:** We starve demonic distractions of attention, we take every thought captive, and we control our emotional baseline.
3. **In the counter-attack:** We draw our swords, and we strike the enemy's lies with the overwhelming, paralyzing force of God's truth.

Draw near to God (James 4:8). Secure the perimeter. Hold the line.
